

FOR IMMEDIATE RELEASE

Faith Life Church Addresses Misinformation

New Albany, Ohio – February 28, 2025 – Faith Life Church is issuing this statement to correct recent inaccurate reports from various media outlets regarding the ongoing investigation by the Licking County Sheriff's Office into allegations of abuse by two individuals with connections to the church. We trust the Licking County Sheriff's Office will conduct a fair and thorough inquiry.

The following facts require clarification:

- The church is not aware of any ongoing law enforcement investigation into criminal misconduct involving any current church leaders or staff.
- The church's pastors and staff comply with all mandatory abuse reporting requirements under Ohio law.
- The church has always retained its 501(c)(3) tax-exempt status and its ability to receive donations.

Unfortunately, some media reports have contained inaccuracies, including misrepresentations of the number of alleged victims, the nature of the church's involvement, and the roles of the individuals accused. We urge media outlets to verify their reporting and ensure the facts are accurately presented to the public.

Faith Life Church remains steadfast in its commitment to fostering a safe and supportive community. The church has implemented strict policies and procedures designed to protect children and youth, ensure their well-being, and uphold the highest standards of safety. These measures include thorough screening processes, volunteer training, and strict supervision protocols to create a safe and nurturing environment for all.

We believe in justice, accountability, and due process, and we stand ready to assist authorities in their efforts to ensure transparency and truth. Pastor Gary and Pastor Drenda have always led Faith Life Church with integrity and honesty. Faith Life Church is committed to responsible stewardship of resources and ensuring that all financial contributions are used transparently to support its mission and serve our community effectively. Our mission remains strong – to share the love of Christ, to be a place of refuge and hope, and to continue advancing the Kingdom of God with integrity and grace.

Faith Life Church has been a cornerstone of the New Albany community for 29 years, dedicated to serving individuals and families through various outreach initiatives, including monthly and annual serve days and our annual Thanksgiving outreach.

As a church, our goal is to foster a community built on compassion, respect, and service. We are disappointed by the dissemination of incorrect information and encourage media outlets to verify facts before publication.

We appreciate the continued support of our congregation and the broader community. Our focus remains on serving with integrity and ensuring that truth prevails in all matters. We continue to pray for all those affected and encourage anyone with relevant information to cooperate with law enforcement authorities.
